## Mobile Glass Studio Equipment Rental Contract

1. **Artech Studios** agrees to provide the following:  
*Portable glass studio with 50lb furnace/glory hole, propane burner, 3 electric kilns, gaffer bench, pipes and hand tools, small propane trigger torch and tank, glass, colour, promotional information, 2 professional glassblowers doing demonstrations/performance.*
2. The **Renter** agrees to provide the following:  
3 full propane tanks (100lbs each)(minimum amount required), 2-15 amp circuit service (electricity), barricades, tent or umbrellas, signage, overnight security, accommodations and travel costs at \$0.40 km from above address.
3. **Artech Studios** is responsible for the delivery, construction and installation of said equipment.
4. The **Renter** is aware that this is an **outdoor** portable studio and by no means can it be used indoors. **Artech Studios** is not held liable for work stoppage due to weather.
5. **Artech Studios** is not responsible for providing the location in which the studio equipment is to be temporarily housed and/or building safety systems. However Artech Studios is available for consulting on this issue.
6. All **Artech Studios** equipment is built to code and complies with all safety systems.
7. The **Renter** agrees to provide adequate electricity for the kilns and other equipment such as lighting if needed.
8. Travel expenses and accommodation are not included in rental costs of studio. This is to be provided by the **Renter** if required.
9. Due to safety regulations full propane tanks are to be provided by the **Renter**. An agreed on amount of full 100lbs tanks will be required. **Artech Studios** is available to make all arrangements on behave of the **Renter**, but all expense will be the responsibility of the **Renter**. Any propane required over and above the agreed on amount will be the responsibility of **Artech Studios**.
10. The **Renter** is responsible for providing adequate and appropriate insurance for location of studio. **Artech Studios** carries insurance for its own equipment and its employees.
11. **Artech Studios** will provide a working glass studio and be present during agreed hours to blow glass and answer questions regarding the process of handblown glass.
12. All studio equipment and designs are the intellectual properties of **Artech Studios**. Photographs may be taken for promotional use only.
13. **Artech Studios** requires that all portable studio equipment, including propane must be on site 24 hours prior to scheduled date of demonstrations, in order to preheat furnace and fill with glass.
14. **Artech Studios** will provide glass, colour and appropriate safety equipment for all **Artech Studios** employees and participants.
15. **Artech Studios** will not be responsible for any personal injury or property damage caused by improper use of said equipment, trained or otherwise.

**Cost of portable studio:** \$2000 minimum (for 2 days of blowing glass), 8 hr days. \$500 for every additional day.

**Payment terms:** 50% deposit is required to secure booking. Balance is owed on day of arrival/setup.

**Total:**

**Propane and electricity extra.**

**Travel expenses (\$0.40 km) and accommodation extra.**

**Teaching workshops and/or classes can be arranged but at an additional cost. Artech Studios is available for consultation on marketing and/or fund-raising ideas. Please contact for more information.**

I have read, understand and agree to be bound by the terms of this contract or have renegotiated them in writing (see back) to my satisfaction. I am aware that my failure to make payments, order materials or equipment may result in Artech Studios failure to provide some or all of the equipment, at which there are no penalties to **Artech Studios** or any of its employees.
